

Investing for Success

Under this agreement for 2017 Sunset State School will receive

\$195,195*

This funding will be used to

- Increase the percentage of all children across all grades achieving at least a “C” standard in Mathematics, English and Science to at least 75%.
- Raise the Year 3 and 5 NAPLAN indicators in all strands to “At National Minimum Standard.”
- Lift all student Reading standards so that by the end of 2017 all Prep students are reading at or above PM benchmark 8, all Year 1 students are reading at or above PM benchmark 16 and all Year 2 students are reading at or above PM benchmark 20.

Our initiatives include

I4S Grant	195195.00
Reading Intervention Aides x2	-60000.00
.5 Success Coach	-50000.00
Student Services Coordinator	-35000.00
Literacy Coach	-50195.00
Balance	0

Our school will improve student outcomes by

- Continuing to establish Individual Curriculum Plans for every student who is significantly below or above the year level standard. To achieve this we will continue to provide professional learning in this area and the HOC will coach staff in planning for differentiation. We are aiming for absolute consistency in curriculum delivery through common planning and school wide assessment practices led by the expert teacher.
- Provide early and intense classroom intervention for those students in Year 1 who have not yet achieved reading level 8.
- Raise the standard of every Reader in our school to the Benchmark PM level in a timely manner.
- Provide intensive family support, through the success coach, to families in difficulty, financial or otherwise, in overcoming barriers to school attendance and learning success.
